Wastes Disposal Location:

Agencies Involved:

Updates

Date: 6/7/2016 Status: Reviewed - Follow-up Required Author: Souder, Taylor

Updated Volume:

Notes:

According to the report there was a release of hydraulic fluid. Further follow-up needed.

Date: 8/4/2016 Status: No Further Action Requested Author: Washek, Sandi

Updated Volume: 0.50 gallons

Notes:

Arrived on site at 10:42 a.m. accompanied by company representative. Weather was overcast with temperature of 69 degrees F. A hydraulic hose broke while the crew was moving the boring rig. The impacted soil is located in pasture land. Inspection of the area showed no visible staining of the soil. No water was impacted. The area has been leveled and was in the process of being seeded. No additional follow-up needed.
